(2) Upon such application and payment, the Council, if satisfied that the premises at, and the conditions under, which the applicant practises or proposes to practise veterinary medicine are suitable for such practice, shall cause the Registrar to issue a certificate (to be styled "annual practising certificate") authorising the applicant to practise veterinary medicine at such premises during the year for which the certificate is issued.

(5) Notwithstanding the foregoing provisions of this section, where a registered veterinary surgeon applies for an annual practising certificate for the first time after obtaining registration, the application shall be in the prescribed form and may be made at any time during the year, and the applicant shall, upon payment of the prescribed fee, be granted an annual practising certificate for the remainder of the year in which the application is made.

(6) An annual practising certificate and an application thereof shall specify the address of the principal place of practice and all other places of practice of the applicant, and any change in any such address shall be notified by the practitioner to the Registrar and an endorsement of such change on the annual practising certificate obtained from the Registrar within thirty days of such change.

(7) Whenever it appears to the satisfaction of the Council that a registered veterinary surgeon is practising veterinary medicine in such premises or under such conditions as are deemed by the Council to be unsuitable for such practice, the Council may direct that the annual practising certificate of such practitioner be cancelled, and such certificate shall thereupon cease to be in force and no further annual practising certificate shall be issued to such practitioner thereafter either for the remainder of the year or for any other year except as provided in subsection (8).

(8) If any veterinary surgeon whose annual practising certificate has been cancelled under subsection (7) makes an application in such manner as may be prescribed and pays such fee as may be prescribed, the Council may, after due
consideration of the circumstances of the case, direct that an annual practising certificate be issued to such veterinary surgeon.

(2) The publication of such list shall be prima facie evidence of the particulars contained therein.

(3) The absence of the name of any person from such list shall be prima facie evidence that such person has not been issued with an annual practising certificate and is not authorised to practise as a registered person.

(4) A certificate under the hand of the Registrar of the particulars appearing in the Register in respect of any person shall be conclusive evidence of such particulars.

(4) Any person who displays, or permits to be displayed in any premises an annual practising certificate or a certified copy thereof bearing his name at any time when his name does not appear on the Register or he does not hold a valid annual practising certificate, as the case may be, shall be guilty of an offence against this Act.
